PORT NOTICE TO MARINERS

NO 6 of 2008

RECREATIONAL DIVING ACTIVITY IN FALMOUTH BAY AND CARRICK ROADS

NOTICE IS HEREBY GIVEN that frequent recreational diving activities are being undertaken within Carrick Roads and Falmouth Bay. Mariners are advised to maintain a good lookout for vessels displaying diving signals and to give them a wide berth and pass at slow speed.

Persons in charge of vessels from which diving is taking place should ensure that they are fully aware of hazards that divers may encounter when deployed including movements of large commercial vessels. A diving policy statement and code of practice for recreation divers are available from the FHC web Site or from the Harbour Office.
