

CALLING all PHOTOGRAPHERS...

Falmouth Harbour Commissioners are really keen to build a library of images to use in our publications and we want to get students in the local area involved. We understand how crucial it is to get your work published when you're a student, and equally how difficult it is to get paid for it!

With this in mind, we have devised a cunning plan that keeps everybody in the picture, so to speak. We get fantastic quality, professional photographs from photographers who love the harbour and its surrounding area. You get a chance to see your work published in professional, working documents and get paid for your hard work. See, as simple as that.

The images can be anything to do with the harbour and its operations- pictures of leisure users, shipping, the docks, whatever- and printed examples of your shots should be submitted to the address below (or you can email them in digital form if this is easier).

If we like your prints and decide to use them we will get in touch, so make sure you include a contact address and telephone number.

All photographs should be available in digital format and a payment will be made per photograph used.
